7 — Draft order sanctioning the demolition of the Fort walls is already in the file, and that draft has been approved by the 2nd Commissioner. Draft of a letter to the 1st Assistt. informing him of the matter is now submitted.

8 In this connection, attention is respectfully invited to the fact that intimation of the demolition of the Fort walls in the Bangalore City is not being given to the Residency, and that the papers available in the Genl Records seem to show that sanction of the British Govt is not necessary for dismantling forts in the State, except the Seringapatam Fort (Vide Chief Commissioner's order dated 31st March 1874 and the Secretary's Note dated 30th January 1907).

Draft to the Residency prepared as per the Chairman's order is submitted for approval

It is however respectfully submitted for consideration that the question whether the sanction of the Board for the necessary for the demolition of fort was considered by Govt in 1907 in connection with the demolition of the Ramparts of the Bangalore fort and it was then decided that no such sanction & no communication to the Residency was necessary

X The case does not appear to fall under Rule 7 of the Instrument of Transfer which only refers to the building of new fortresses or strongholds or repairing the defences of any existing ones

No authority appears to be forthcoming to show that in case of demolition of fort the sanction of the Govt of India Board or even communication of it to them is necessary. On the contrary, the precedents are also
